

October 5, 2021

Dear Chimacum Families,

Happy World Teachers Day! I am deeply grateful, as I know you are, for the incredible contributions our teachers make each day to our community wellbeing and our students thriving.

On a different note, we are gearing up for some schedule changes in response to regional and nationwide bus driver shortages. While we can plug holes, fill gaps, double up here and there, the fact is that bus service will likely be disrupted on and off for the next few weeks. We will do our best to alleviate disruptions to our families, and to communicate as best we can the changes we will be making.

We continue to recruit bus driver candidates and endeavor to maintain an outstanding transportation team of dedicated drivers and support people. The safety of our precious cargo is always job one.

Warmly,

Scott Mauk, Superintendent
