

GOAL #1

High Expectations for Learning

All students have opportunities to obtain the knowledge and life skills needed to prepare them for success in school and beyond.

We are successful when...

All students are known by name, strength, and need, so that all students graduate ready for college, career, and life.

GOAL #2

Community Engagement

Our responsible leadership cultivates mutual support for our schools and community. Interactions with our students, parents, and community are positive and empathetic.

We are successful when...

The community is invested in the schools and the schools are deeply engaged in the community.

GOAL #3

Student and Staff Success

Student engagement with individualized instruction creates a strong foundation for student learning. Staff have opportunities to learn through collaboration, quality professional development, tools, and resources.

We are successful when...

Students' social-emotional and academic needs are fulfilled. Mission-aligned staff are hired and retained; morale is high.

GOAL #4

Safe and Supportive Schools

Learning environments are safe, inclusive, equitable, and culturally responsive. The school community's safety, health, and wellness are top priorities.

We are successful when...

Employees and students find their work environment challenging, fulfilling, and enjoyable. There's a strong sense of belonging between students, families, and staff.

GOAL #5

Responsible Leadership and Governance

The highest levels of professional integrity, stewardship, and accountability exemplify responsible leadership. Innovation enables student and staff success.

We are successful when...

The continuous monitoring and aligning of district resources enables innovation and address the needs of our students and staff.

Our Guiding Principles

- Engagement and Student Learning
- Social and Emotional Well Being
- Caring, Committed People
- Authentic Collaboration
- Diversity, Equity, and Inclusion
- Innovation
- Resource Stewardship
